Preach a Prayer helps you find the right words to say

Many times people want to reach out to God with their prayer, but feel stuck for the right words to use in the prayer and don't know how to ask Him for intercession. **Preach a Prayer** by Stephanie Poplar is a book that will help guide you through knowing how to pray, how to open your heart, and how to say the words that your heart is longing to speak.

The author says, "I believe that God is always standing in the midst of impossible situations waiting for His children to pray to Him in faith, knowing that He will come through." Stephanie has experienced many miracles that were brought about by prayer, both in her family and among her friends. In one intervention, she was with her mother when a friend came up to them, saying that Stephanie's sister had been shot and had been taken to a hospital. Along with a close aunt, Stephanie and her mother prayed hard for her sister, and God answered their prayers. As it turned out, she was only hit with a gun—not shot. People reported that she had been shot in the head because the gun went off as she and another girl were fighting. With a thankful heart, Stephanie thought, "Thanks be to God for canceling my sister's death assignment and disbursing angels to protect her."

This and other experiences encouraged her to write **Preach a Prayer** so that she could share with others the power of prayer and the positive impact that it can have on everyone's lives.

The book provides dozens of examples of situations where prayer can make a difference, but just as importantly, has journal space where the reader can reflect and write their own words with

the guidance provided by her book. The saying, “Give a man a fish and you feed him for a day. Teach him how to fish and you feed him for a lifetime,” is especially relevant, because Stephanie Poplar will quickly and easily help the reader learn to express themselves through prayer and lead them to a closer relationship with God.

As Jesus says in Mark: 24, “What things soever ye desire, when ye pray, believe that ye receive them, and ye shall have them.” With great faith comes great things.

Some of the sections include, Miraculous Interventions, Five Keys to Effective Praying, Prayers for All Occasions, and your Relationship with God. Plenty of space is included in the book for personal journaling so that it will be a book that you’ll want to keep by your side for frequent reference and additions.
